Education

B.E Computer Science (AI & ML, Honours in Data Science)

University of Mumbai

Aug 2021 – May 2025

CGPA: 8.02/10

Experience

Flutter Developer Intern – Dharmik Vibes

Dec 2025 – Present

- Developed and optimized UI for **DV SuperAdmin Web** using Flutter Web, focusing on responsive and scalable design.
- Integrated backend services using **FastAPI**, enabling seamless communication between frontend and server.
- Implemented state management using **GetX** for efficient performance and maintainable architecture.
- Built and enhanced features for **Dharmik Guide Mobile App**, including dynamic UI components and API-driven data rendering.
- Performed end-to-end **API integration**, handling authentication, data fetching, and error handling.
- Collaborated with backend developers to ensure proper API structure and optimized response handling.

Full Stack Developer Intern – Infosys Springboard

Jan 2025 – Mar 2025

- Built a full-stack **Budget Tracker App** using Flutter (frontend) and Django (backend).
- Designed and implemented **REST APIs** with Django and integrated them into Flutter apps.
- Used **PostgreSQL** for structured data storage and efficient querying.
- Automated workflows using **CI/CD pipelines** and GitHub Actions.
- Worked in an **Agile environment** with sprint-based development.

Projects

E-Commerce Platform (MERN Stack)

- Developed a full-stack e-commerce system using **React, Node.js, Express, MongoDB**.
- Implemented **JWT authentication**, admin panel, and product management.
- Designed REST APIs and optimized backend performance.

Technical Skills

Programming Languages: Dart, JavaScript (ES6+), Python, C

Frontend Development: Flutter (Mobile & Web), React.js, Responsive UI Design, Material UI

State Management: GetX (Advanced), Provider

Backend Development: FastAPI, Django, Node.js, RESTful API Design & Development

API & Integration: REST API Integration, JSON Handling, Authentication, Error Handling, API Testing (Postman)

Database Management: MongoDB, PostgreSQL, Firebase Firestore

Cloud & Deployment: Firebase (Auth, Firestore, Hosting), AWS (Basics), CI/CD (GitHub Actions), Vercel

Tools & Technologies: Git, GitHub, Postman, VS Code, Android Studio, Figma, Jira

Core Concepts: MVC Architecture, Clean Architecture, Cross-Platform Development, UI/UX Optimization

Certifications

- AWS Academy Graduate – Data Engineering
- Infosys Springboard Certification

Achievements

- Built multiple production-level Flutter applications with real-world API integration.
- Specialized in **Frontend + API Integration**, making scalable and responsive apps.
